**We've been working with silent film footage and memories of vintage films over the past six weeks and all the choreography you see today has been devised and created by the dancers. We look forward to talking to you all about the performance afterwards.**

**THE CHOREOGRAPHY PROJECT** is the eighth initiative of this kind at CoisCéim. Now a regular feature of CoisCéim Broadreach audience engagement programme, it offers people the opportunity to work with professional choreographers in the exploration of Contemporary Dance Theatre. Each project is hugely diverse, providing a unique experience of the choreographic process and the varied practices of collaboration. The Choreography Project also offers a lively environment for people to meet others with similar interests and to share their passion for creating dance theatre.

If you would like to be involved in the next CHOREOGRAPHY PROJECT, contact the CoisCéim Office.
