

COISCÉIM DANCE THEATRE

Founded in 1995, CoisCéim's style of performance is contemporary and vibrant, with a knowing regard for the everyday. Artistic Director David Bolger embraces a selection of dance styles to articulate stories and emotions that are relevant to the landscapes in which we live. The scale of the company's work ranges from duets in a hotel bedroom, *Chamber Made*, to the large scale spectacle *A Dash of Colour* (which was seen by millions on television and involved over 75,000 people for the opening ceremony of the Special Olympics, 2003). Touring, both nationally and internationally is a key part of CoisCéim. The company is a founder member of Dance Travels, a new network to develop audiences in Ireland and beyond. The company also conducts an original and comprehensive artform awareness and participation programme through CoisCéim BROADREACH.

CHOREOGRAPHER'S NOTE

First of all a huge thank you to all the dancers and everyone at CoisCéim - you have been a very generous and an absolutely lovely group to work with.

We started work on INTO THE DEEP six weeks ago. Together we explored the theme of the sea and ocean with everyone contributing their personal reflections of this vast, mysterious, and beautiful domain. Much of the movement material created draws from this treasure trove of inspiring images, stories and impressions which connected us with the big blue. The choreography you will see has largely been generated by the performers through personal investigation and responding to different tasks. We dreamt and fantasised about this other world which is so close to us yet beyond our reach - a world so full of wonder, yet one which appears to reflect our own inner storms and turmoil, and often mirrors our complex changing lives and journeys into the deep unknown. Enjoy.

- Maria Nilsson Waller, March 2016

THE CHOREOGRAPHY PROJECT

Now a regular feature of BROADREACH - CoisCéim's participation and engagement programme, it offers people the opportunity to work with professional choreographers in the exploration of contemporary dance theatre. Hugely diverse, each project provides a unique experience of the choreographic process and the varied practices of collaboration. The projects also offer a lively environment for people to meet others with similar interests and to share their passion for creating dance theatre.

BROADREACH

Established in 2006, BROADREACH is the participation and engagement programme of CoisCéim Dance Theatre. Its activities are pioneering, targeting all sections of the population in an exciting and innovative manner to create a genuine curiosity in dance. Every year BROADREACH gives opportunity for many people to take part in dance classes, workshops, residencies and performance projects.
